2. When you speak to God, do you have a routine or certain words that you always use? Do you feel like you can speak to God as you do a friend? In what way?
3. Share a time in your life where God spoke to you specifically. Share a time you heard the whisper of encouragement, the whisper of warning, the whisper of direction, or the whisper of dream.
4. What does this statement mean to you? “Hearing God is not something that we do; hearing God is something that we are.”
5. John 10:27 says, “My sheep listen to my voice. I know them, and they follow me.” What NEXT STEP do you need to take because you know God has been speaking to you?
